

## **Colourful Semantics – Easter egg hunt**

You could use this colourful semantics activity to list the steps for planning and taking part in an easter egg hunt.

The level 5 stage is optional – this can be used to describe where the eggs are hidden.

You could then do a real easter egg hunt.

Print on orange - who

I

friends

teacher

mum

dad

sister

brother

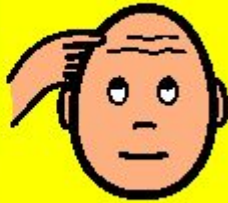

Print on yellow – what doing

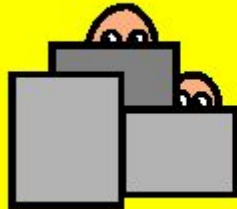

write

think

hide

make

look

search

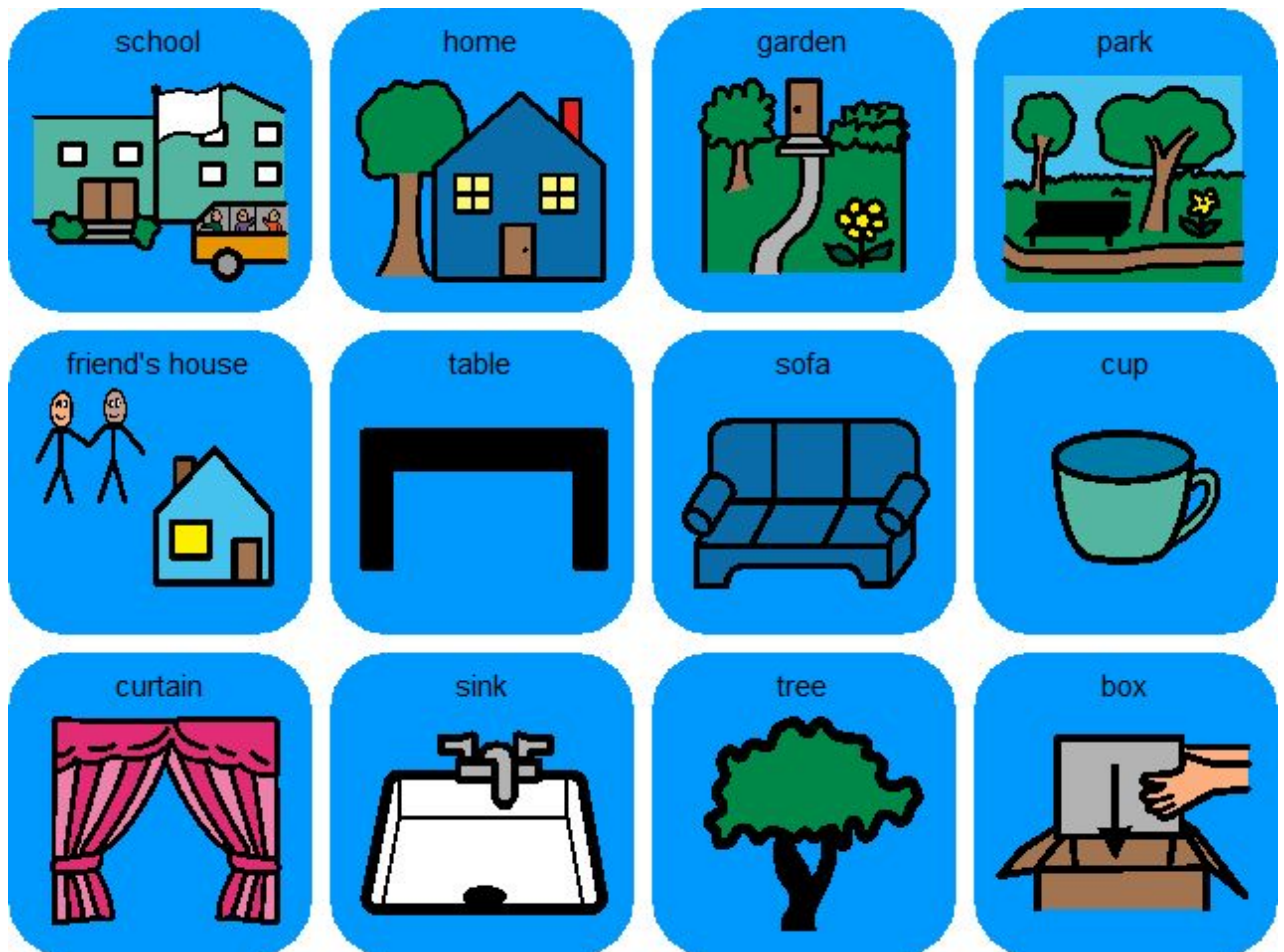

find

Print on green paper – what

Print on blue paper – where

You can add your own hiding places too
