

## Colourful Semantics - life cycles

You can use this pack with children when carrying out life cycle themed activities. It will support them when expressing their thoughts and ideas. You can also use this pack to talk about people or animals and help children learn how to use pronouns or grammatical markers.

You can prompt them by asking questions such as: `what animals could you see?`

'what did you eat?'

'what did it feel like?'

'where did you go out?'

'what was the weather like?'

'did you play with some toys?'

'did you see any animals?'
