

Colourful Semantics - Oracy & Reading Comprehension Pack

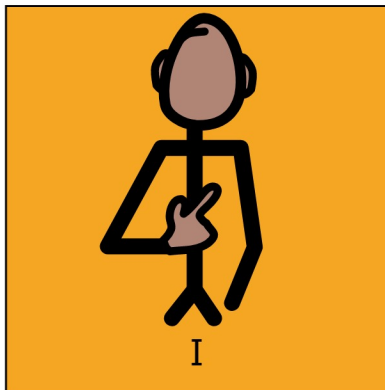

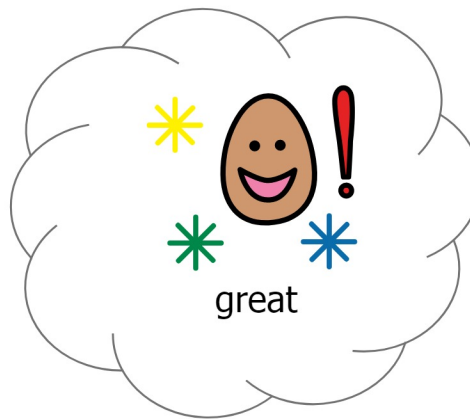

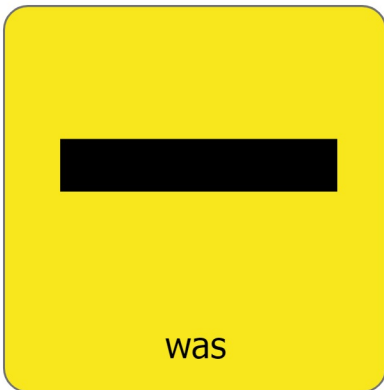

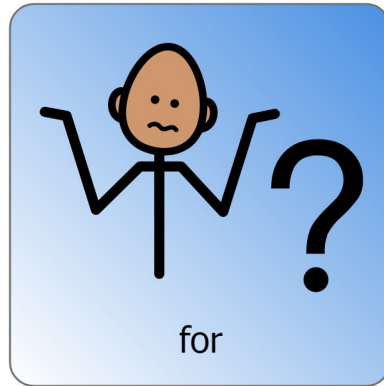

Explaining How Work Was Produced & Evaluating Work

You can use this pack with children when supporting them with explaining how they produced their work and giving an evaluation. This pack contains the symbols and related vocabulary to support this process.

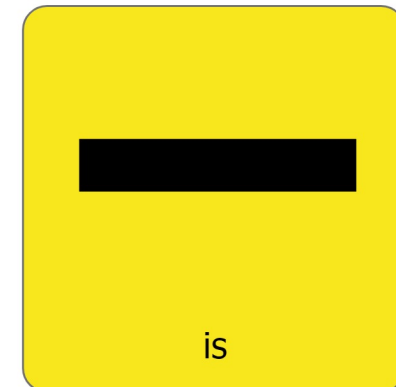

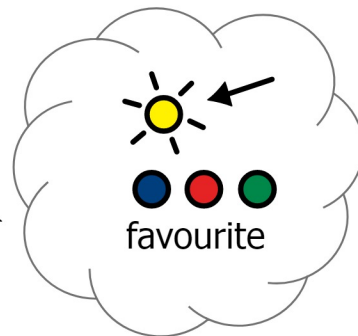

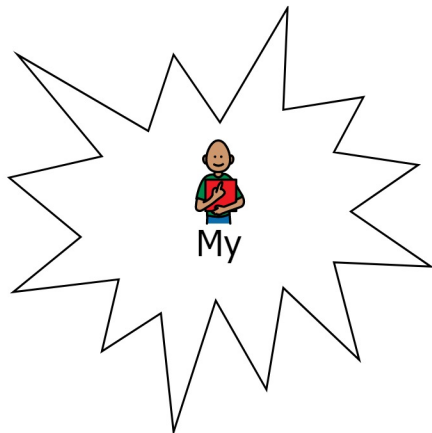

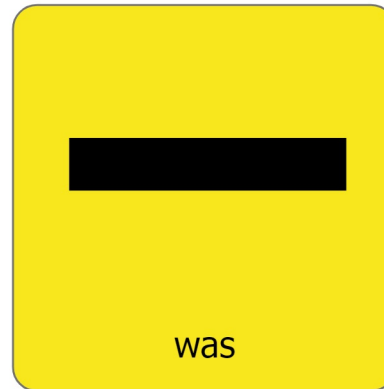

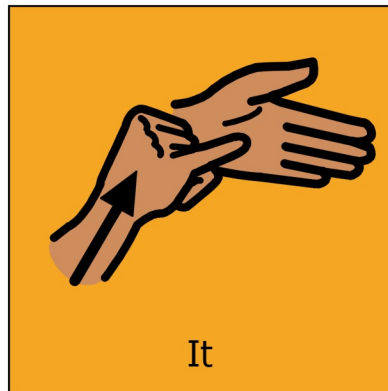

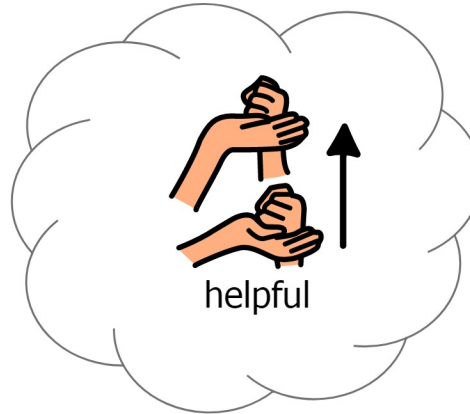

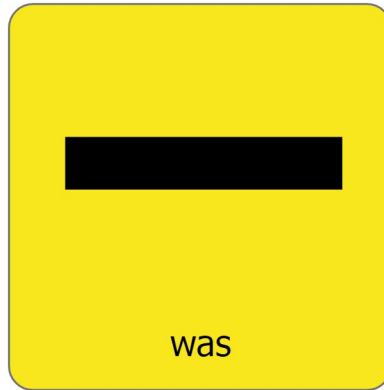

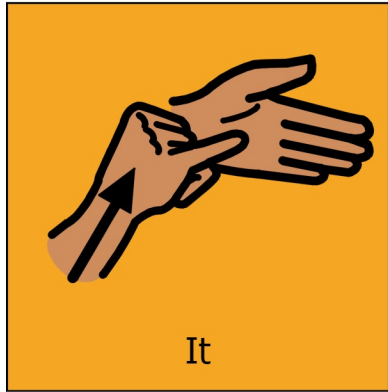

You can prompt them by asking questions such as:- What did you use to make your work? What did you find easy? What was tricky? What would you do differently? How could you improve it? What is your favourite part? Why?
