

Describe me 2

Describe me 2

What is this game for?

Children putting words together for the first time need to be able to join up ADJECTIVES (e.g. SPOTTY/BLUE/STRIPEY) with an OBJECT.

This game is designed to help children do just that. In order to describe the picture accurately they need to use the ADJECTIVE and the OBJECT "red hat", "stripy socks", "black tie" etc.

What to do

Cut up this sheet to make 2 lotto boards and a set of individual pictures.

Children take it in turns to take one of the small cards and describe it to the group. It is then claimed by the child who has it on their card.

Other Ideas

If you have more than two children to play you could add Describe Me Game 1 which gives you 2 more boards.
